Change to Authorization Requirements for Therapy Modalities (Physical/Occupational/Speech Therapy)

Date: 01/01/2019

What is changing:

Silver Summit Health Plan is changing the requirement for participating (PAR) providers (providers contracted with SSHP) to obtain a prior authorization for all treatment that pertains to members receiving Physical, Occupational and/or Speech Therapy. For all participating (PAR) providers, initial evaluations will not require prior authorization. The attached codes now will require prior authorization. As always, providers not contracted with SSHP require prior authorization for all initial evaluations and treatment before providing a service/item to a member.

This change is effective on February 1, 2019
