

## **PHARMACY for MEMBERS**

### **IMPORTANT NOTICE: Pharmacy Network Change (Walgreens)**

On 2/1/2019, the Silver Summit Healthplan Pharmacy network is changing. Walgreens and other pharmacies owned by them will not be participating providers. RiteAid is a part of Walgreens.

To avoid a disruption in treatment, members should transfer their medications to a new pharmacy by 2/1//2019.

You can do this by any ONE of the following:

- Call or go to the new pharmacy to ask for the medications to be transferred.
- Ask the doctor to call the new pharmacy with the medicine's information.
- Bring a written prescription to the new pharmacy.

Members and providers can search for other pharmacies on our website by using the Find a Provider tool. Go to [silversummithealthplan.com/members](https://silversummithealthplan.com/members), select Medicaid Plan and click on Find a Provider. You can also go directly to the tool by typing <https://providersearch.silversummithealthplan.com/>.

We are here to help. If members have questions, call Member Services at 844-366-2880 or TDD/TTY at 844-366-6086.
