

Medicaid Revalidation - Reminder

Dear Providers,

This is a friendly reminder to ensure you are enrolled with Nevada Medicaid FFS. Nevada Medicaid requires all providers to revalidate at least every 5 years, with the exception of Durable Medical Equipment (DMEPOS) suppliers which must revalidate every 3 years. Providers are encouraged to revalidate online by logging into the Nevada Medicaid FFS Provider Web Portal.

Your organization is receiving this letter because we have been notified by the state that the organization or a practitioner within the organization need to revalidate with FFS within the next 60 days (November and December). Please keep your tracking number provided to you by the state for revalidation, as a representative from SilverSummit Healthplan may reach out to confirm. Providing this tracking number will avoid any potential break in network status with SilverSummit.

Should you have any questions regarding your revalidation period, please contact:
NevadaProviderTraining@dxc.com
