UPCOMING TRAINING OPPORTUNITIES FOR PROVIDERS

Engaging and Strengthening Partnerships Webinar

Date: Wednesday, March 30,
from 1:00pm – 2:00pm ET via Zoom

Registration Link: [Click Here](#)

Overview: This training will provide staff with an understanding of partnerships in practice, as well as an overview of how to increase engagement with various partners across federal, state, and local public health, NGOs, and private sector industry.

The training will include a partnership mapping exercise in which staff will identify how current partners support the mission of their organization; a scenario-based discussion in which staff will retroactively assess how partnerships supported their response to a past disaster; and a discussion on strategies to leverage and engage state VOADs during a disaster.

Links to recorded webinars & other resources are available on [Healthcare Ready Resource Page](#)

Crisis Standards of Communication Webinar

Date: Tuesday, April 12,
from 1:00pm – 2:00pm ET via Zoom.

Registration Link: [Click Here](#)

Overview: This training will provide staff with information and skills that can be used to improve the systems and protocols that allow their organization to efficiently communicate during a disaster.

The 1-hour long webinar will equip staff with:

An understanding of the common challenges associated with crisis communications that typically arise during a disaster, Tips to developing a comprehensive communication plan that complies with Federal and state laws, and Enhanced knowledge of ways that staff can best coordinate with partner organizations in their region, state, or local areas.

The training will provide an overview of best practices in communication considerations with various partners during a crisis, including local healthcare partners, government partners, NGOs, and patients.
